Info-2

Anti-Doping

Dear Team Managers,

Please remind your Junior Athletes to bring their passports with them to the venue should they be selected for Anti-Doping Testing and need to prove their age.

In addition, as mentioned in the Team Managers Meeting, please remind your athletes to drink additional liquids and not just water such as, fruit juices to prevent athlete samples from being too weak. If athlete samples are too weak, the athlete will be required to provide another sample.
